### Customer Feedback:

I received my bridesmaid dresses today, and let me start by saying THANK YOU THANK YOU THANK YOU!!!! I am 1000% happy with them. I got everything I wanted, the color was perfect, the correct sizes, they came in early and not to mention OUTSTANDING PRICES!! I was so worried something was going to go wrong, esp. since I wanted a two tone dress, but no, everything was better than expected! And even when I called and no one answered I got a phone call back within an hour! Excellent customer service! My wedding will be perfect thanks to you! I will recommend you to everyone and anyone! Again, really thank you so much!

Hello,  
Thank you for notifying me that my order has arrived. I was able to pick up the dresses from the store on Saturday and they are beautiful! Thank you so much for your service. It has been a pleasure working with you. Do you have a referral program of any sort? I would love to refer more brides to you for future purchases!

I just wanted to thank you - the dress is beautiful and everything is absolutely perfect. With such significant savings over your competition I was terribly worried that something would go wrong - the color would be wrong, the style would not be as ordered...even that I'd just never hear from you again as soon as the payment was received! But No Frills Bridal sent me exactly what I ordered, on time, and at an unbelievable price. THANK YOU THANK YOU THANK YOU! Feel free to use me for a referral if a future customer needs reassurance.
